

Product Details

Clean and protect in a single step with Waterless Wash Plus+ Ready-to-Use!

Waterless Wash Ready-to-Use will not only meet your expectations, it will exceed them in both cleaning ability and gloss enhancement! Waterless Ready-to-Use quickly and safely cleans painted surfaces, chrome, plastic, glass and wheels without the use of water. No hoses! No rinsing! No drying! This Boosted by Polycharger™ formula not only cleans your vehicle's surfaces, it protects from the harsh elements and harmful UV rays.

Key Benefits

- Boosted by Polycharger™ to provide superior protection from the elements
- Ready-to-use spray is easy to use. Simply spray on, wipe off and walk away
- Quickly and safely cleans while enhancing gloss
- No rinsing or drying required

Instructions

- Always work in a shaded area on a surface that is cool to the touch and make sure surface is not gritty with dirt or sand to avoid scratching.
- Starting on the upper surfaces first, mist the surface to be cleaned. Fold a clean, dry Microfiber Buffing Towel into quarters and gently wipe using a back and forth motion.
- As the Microfiber Buffing Towel becomes saturated or dirty, fold to a clean dry side and replace with a fresh towel as needed.

Note: Waterless Wash Plus+ Ready-to-Use also works great as a detail clay lubricant and a quick detail spray!

Recommended Surfaces

- Clear coated surfaces
- Painted surfaces
- Chrome surfaces
- Plastic & glass surfaces
- Wheels
